

Please read the following terms carefully as referral of claims to the Personal Injury Practice Limited by any means not limited to but including its web sites means that you agree to them.

1. PAYMENTS

All referral payments only be paid once the claim has been accepted by our us and has been given approval as a genuine claim. A single referral payment of £250 per case will be made once the 3rd parties representatives have admitted liability for the accident and the claimant has a medical report which entitles them to claim £1000.00 or more for personal injury. We may at our discretion make the payment at an earlier stage.

Only one referral payment will be made per case. In the event that the payment is made to the Claimant then no further payments will be made to any other introducer referrer.

In the event the referral payment is to be made to an introducer other than the claimant then this payment will only be made (subject to 1.1) after, the referred person has been made aware of the full details of the referral and the referred person has agreed to the referral payment being made to the referrer. In the event the referred person does not agree to the referral payment being made to the referrer then we will be unable to make any referral payment.
